

General Labourers

Geomarine are seeking General Labourers with experience in groundworks to work in our busy utility teams. Successful candidate will be able to demonstrate the skills common to the operational role such as:

GENERAL LABOURER EXAMPLE TASKS (non-exhaustive list)

- Manual handling of general materials
- Excavation using hand tools and/or machinery
- Use of machinery such as disc cutting saws, breakers, compacting plant, generators
- The basic maintenance of such machinery as per training given such as starting correctly, filling with fuel/oil etc.
- Setting up barriers and temporary fencing
- Assisting with specialisms such as cable pullers/winch operations, confined space entry, pipe/duct laying, box building.

This role is at the front-line, physical delivery, of the company's products and services and all candidates, as a minimum, should be able to demonstrate the following;

- The physical strength and dexterity to the extent reasonably required to fulfil the example tasks detailed above.
- Good practical skills e.g. hand-eye co-ordination; in particular in the ability to effectively use tools, both hand tools and mechanical/electrical
- Team-work
- Knowledge of techniques and materials involved in tasks such as those below.
- The ability to continuously learn and develop skills and knowledge in any of the above or to improve on areas of limited experience.

OTHER RESPONSIBILITIES WILL INCLUDE:

- To work to the reasonable instruction of line management
- To engage with line-management and pro-actively co-operate, including constructive input.
- To comply with the requirements set out in the company Health, Safety and Welfare Policies.
- To undertake and implement the content of any instruction, training and development given.
- To always take reasonable care of your own health and safety and that of others who may be affected by what you do or do not do.
- To co-operate with management on all health and safety matters, including raising concerns as they arise.
- Only carry out activities covered by agreed Risk Assessment
- Only undertake work for which you are trained, authorised, and competent to undertake
- Ensure any accident or near-miss is reported
- Not interfere with or misuse anything provided for health safety and welfare
