

Civils & Geotech Operatives

Geomarine are seeking experienced Civils and Geotech Operatives to join our professional and growing team. This is an excellent opportunity for motivated individuals with experience in areas such as RC concrete, piling, ground and marine engineering works to work on a variety of challenging and rewarding projects.

Key Duties and Responsibilities:

- Carrying out all aspects of reinforced concrete construction.
- Erecting and dismantling formwork and shuttering systems.
- Installing and fixing reinforcement steel to engineering drawings.
- Assisting with concrete pours, placement, compaction and finishing.
- Working alongside piling rigs and specialist geotechnical equipment.
- Adhering to all site health, safety, and environmental procedures.

Candidate Requirements:

- Proven experience in Reinforced Concrete (RC) construction
- Ability to read engineering drawings and reinforcement detailing.
- Experience working on large-scale infrastructure, marine, commercial or industrial projects.
- Strong understanding of quality control requirements for concrete works.
- CPCS/NPORS qualifications advantageous.
- Full driving license preferred.
- Reliable, hardworking, and committed to high-quality workmanship.

What We Offer:

- Excellent rates of pay for the right candidate
- Employers Pension Contribution of 3%
- Paid Annual Holiday Entitlement
- Private Medical Insurance after 12 months' service
- Full PPE Provided
- Secure, long-term employment with an established local company
- Ongoing In-House Certified Training
- Modern equipment and well-maintained fleet
- Career progression opportunities

If you're looking to join a company that invests in its workforce, values safety, and rewards hard work, we would like to hear from you.

Please apply by sending a CV and brief description of your experience to recruitment@geomarine.gg. Alternatively, please call if you would like an informal chat or meeting to find out more about Geomarine and to see if the role might be right for you. All applications are treated in the strictest confidence. Geomarine is an equal opportunities employer and all applications are welcome.
