

Drainage and Utility Operatives

Geomarine are seeking experienced Drainage Utility Operatives to join our professional and growing team.

This is an excellent opportunity for motivated individuals with experience in drainage, pipe laying, and underground utilities to work on a variety of challenging and rewarding projects.

Key Duties and Responsibilities:

- Installation of domestic and public drainage systems and underground pipework and services.
- Installation of ground/trench shoring systems
- Pipe laying to line, level, and specification requirements.
- Working safely in excavations and trenches.
- Assisting with excavation, backfilling, and reinstatement works.
- Adhering to all site health, safety, and environmental procedures.
- Working collaboratively as part of our experienced Drainage & Utility team.

Candidate Requirements:

- Proven experience in drainage and pipe laying works.
- Good understanding of drainage drawings and site specifications.
- Strong awareness of health and safety requirements.
- CPCS/NPORS plant tickets and Streetworks qualifications would be advantageous.
- Full driving license preferred.
- Reliable, hardworking, and committed to high-quality workmanship.

What We Offer:

- Excellent rates of pay for the right candidate
- Employers Pension Contribution of 3%
- Paid Annual Holiday Entitlement
- Private Medical Insurance after 12 months' service
- Full PPE Provided
- Secure, long-term employment with an established local company
- Ongoing In-House Certified Training
- Modern equipment and well-maintained fleet
- Career progression opportunities

If you're looking to join a company that invests in its workforce, values safety, and rewards hard work, we would like to hear from you.

Please apply by sending a CV and brief description of your experience to recruitment@geomarine.gg. Alternatively, please call if you would like an informal chat or meeting to find out more about Geomarine and to see if the role might be right for you. All applications are treated in the strictest confidence. Geomarine is an equal opportunities employer and all applications are welcome.
